The conditions and circumstances requiring this emergency expenditure are:

Location: US 6, just south of Brandon Road, Rockdale in Will County.

Due to recent heavy rains and snowmelt, a deteriorated culvert under US 6 failed causing all lanes of US 6 to be undermined and collapse, resulting in the closure of US 6. This incident resulted in an emergency closure of US Route 6, forcing the detour of all traffic. United Rentals was hired to immediately install the necessary traffic controls to safely redirect the traffic around the site.

United Rentals was chosen due to their expertise and ability to respond immediately.

Work is beyond the capability of State Forces.

This work will be funded from the Central Bureau of Operations, Emergency Reserve Fund.

(Note – Culvert installed via permit by IDNR. Permanent Replacement to be done by IDNR via permit. Coordination handled via Traffic Permit Section)
